- 2. Presentation of Double Degree Programs (Christina Scharf, Dean's Office)**
- 3. Presentation of the program coordination (Katharina Beck)**
- 4. Presentation of the Business Student Council**

Passau – your place to study

Competent and innovative

- Innovative and motivated lecturers
- Top international research
- Numerous collaborations with start-ups and established companies

Flexible

- Complete coverage of the central business administration functions
- Generalist or highly specialized Master's degree
- Specialization in practice-relevant areas

International

- Various international exchange programs
- Various double degree programs
- Foreign business language training

Personally

- Campus university
- Personal support
- Targeted promotion of talent
- Development of key qualifications (ZKK courses)

Excellent ranking results

In our work, we focus on excellent research on challenging and socially relevant issues, which we integrate into exciting and innovative teaching concepts. In this way, we create an inspiring environment for students and researchers from Germany and around the world.

Dean Professor Suleika Bort

**World
University
Rankings**

The School of Business, Economics and Information Systems at the University of Passau has been ranked among the **best 201-250 faculties** worldwide in **THE's Subject Ranking (2025)**.

The CHE ranking is one of the most important rankings in the German higher education landscape, especially for prospective students and potential employers. **All Business Administration, Economics and Information Systems degree programmes at the University of Passau achieved top ratings** from students in the 2023 ranking, both in the Bachelor's and Master's programmes.

The School: That's us

Summer term 2026

<https://www.uni-passau.de/en/international/coming-to-passau>

Programme structure of the M.Sc. Business Administration

Compulsory Elective Modules (2 out of 4)

Fundamentals of Business Analytics

Business Research Methods

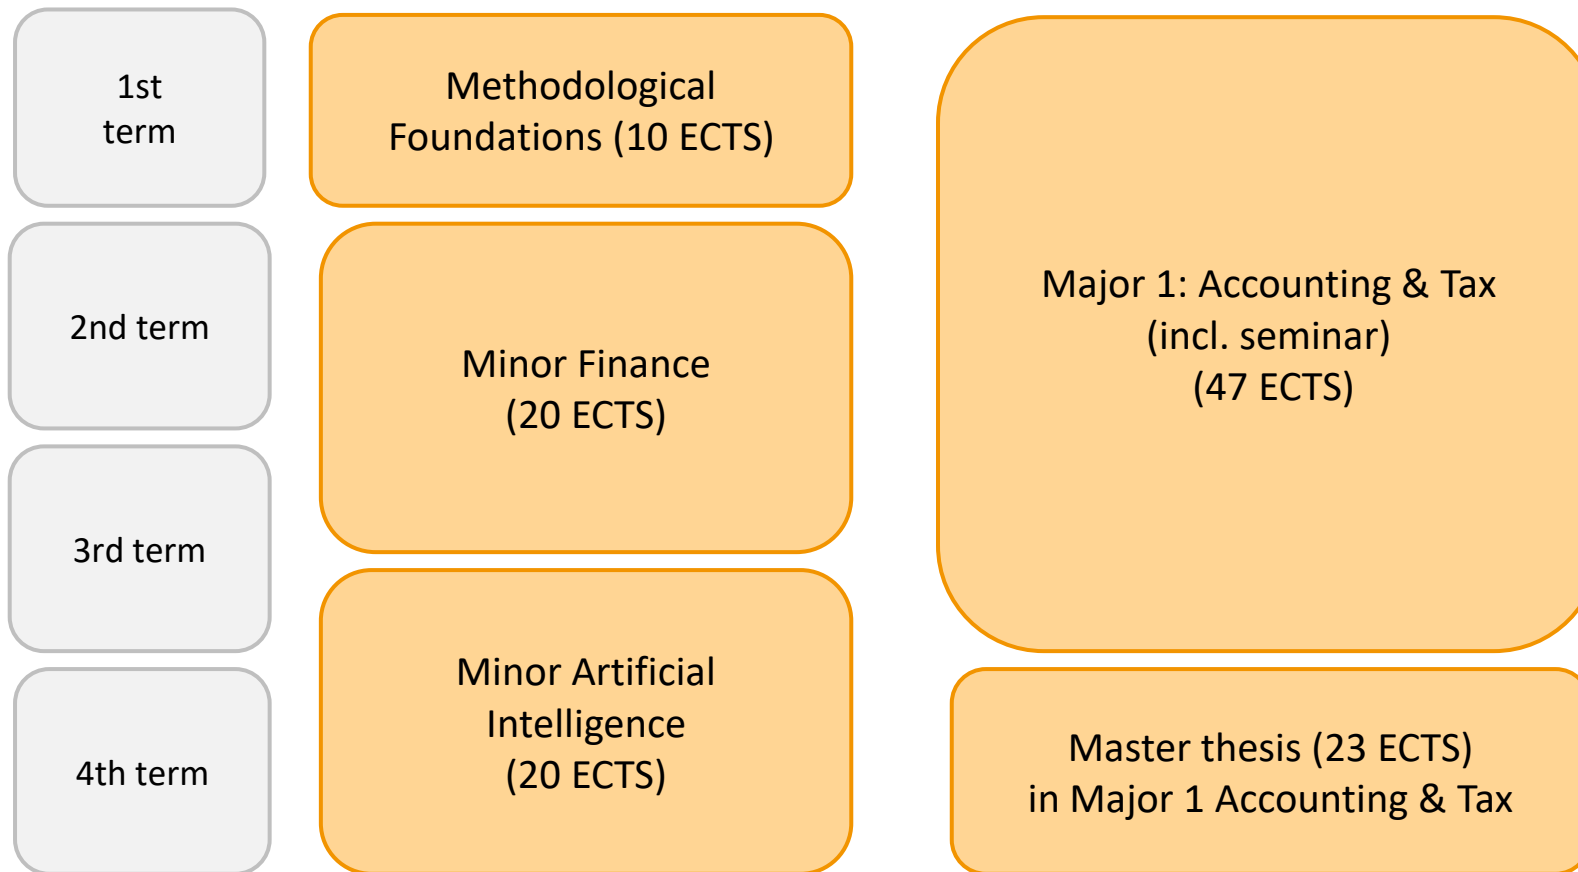

Multivariate Verfahren (German)

Advanced Business Research Analytics and Research Methods
-> Econometric Methods

Programme structure: Majors and minors

Majors	Minors
Accounting and Tax	Business Taxation
	Reporting and Controlling
Data Science	Data Science
	Optimization
Entrepreneurship	Entrepreneurship
Finance	Finance
Information Systems and Digital Business	Information Systems and Digital Business
Management and Strategy	Digital Management and Strategy
	Marketing
	Artificial Intelligence
	Sustainability
	Economics

Example: Major 1 + 2 minors

- You choose your major(s) and/or minor(s) through your selection of courses.

⇒ When registering for an exam, you decide for which major/minor you want to take the course.

- Note that at the end of your studies, you need to have 40 ECTS through courses + your master seminar + your master thesis in your major 1, so plan your studies accordingly.

- It is possible to later correct the course allocation decision (to assign a course to a different major/minor, if the course is offered in multiple majors/minors) by asking the examination office (Prüfungssekretariat).

Please note that this should be done only once for all courses at the end of your studies to avoid unnecessary administrative work.

How to find your courses on Stud.IP

Semester selection

WiSe 26/27

Settings

☒ Display only modules with assigned courses

On the left-hand side, you can choose to display ONLY the courses offered in the winter term of 2026/27.

- You have to take (at least) one seminar (7 ECTS) in your major 1.
- For your Master's seminar, you must apply for a place on the seminar in your second semester (deadline as stated under <https://www.uni-passau.de/en/examinations-office/semester-related-information>), so that you can attend the seminar in the following semester.
- A list of the seminars available can be found at <https://www.wiwi.uni-passau.de/en/study/dean-of-studies-programme-coordination>
- Detailed information on the seminars can be found at the chair's websites (e.g. <https://www.wiwi.uni-passau.de/en/accounting-auditing/studies/seminar-theses-1>)

Registration for seminars in summer semester 2027

Registration period:	11.01. – 18.01.2027
You may withdraw your registrations until:	08.02.2027
Registration/ withdrawal	To register for exams or withdraw your registrations, contact the relevant chairs directly

Further information on the seminars can be found on the [web page of the dean](#) and the [programme coordinator of the School of Business, Economics and Information Systems](#)

- There is the option to choose foreign (business) language as part of the master programme (max. 10 ECTS).
- Any foreign language offered by the Language Centre of the University of Passau can be chosen.
 - Currently offered: Chinese, English, French, Indonesian, Italian, Polish, Portuguese, Russian, Spanish, Thai or Czech.
 - Prior knowledge in a language is revealed through a test and only courses expanding prior knowledge can be taken
- German as a foreign language can be taken by all non-native speakers from level A2 upwards (not A1 because this is part of the entry requirements for the M.Sc.)
- English can only be taken by all non-native speakers from level C1 upwards (not B2 or lower because this is part of the entry requirements for the M.Sc.)
- For the languages and levels for which business languages are offered, these courses have to be taken, other non-business courses in the same language/at the same level cannot be recognised for the M.Sc.

Overview of all double degree programmes

New Jersey, USA

M.Sc. Business
Administration &
